

steam shower

Orlando Deluxe

900mm x 900mm x 2210mm

The Orlando Deluxe 900 takes the very popular Orlando Classic and add the touch screen control pad. The deluxe control pad with its cool blue touch display also allows you to store radio stations. The Deluxe 900 also comes with a round ceiling light surrounding the monsoon (not available on the 1050). The Orlando still had all the other great feature such as, body jets, ozone, hand shower, foot spa, and the incredible steam generator. The Orlando Deluxe 900 is ideal for those looking to replace a standard shower enclosure with something a little bit special, at a realistic price.

- | | |

For more information on this model please visit our website. To order, please call us on **01423 522 222**

This steam shower requires between 1 and 3bar of water pressure and can be supplied from a combi boiler, pressurised system etc. For gravity fed or low pressure, installing a twin impellor pump is recommended. Where water pressures are not balanced (of equal pressure) fitting a Pressure Equalising Valve is required to protect the Thermostatic Valve from damage. Our showers are designed to be freestanding, water should be made available to the shower into the corner (if corner fitting) or central at the back (if the shower fits against one wall) and be fed to a point approximately 1mtr from the floor and finished ready for 15mm compression fittings.

A single 13 amp fused spur is required to provide electricity to the shower. The shower is supplied with an RCD fitted for your safety.

Bathtek showers are supplied ready to build. All boxes are able to enter through regular doorway openings, details of carton sizes are available on our website. Please also consider access for the boxes up and round stairwells etc. For full, detailed installation requirements of all Bathtek showers, please call our customer service department on 01423 522 222 or visit our website at www.bathtek.com

The Deluxe Control Pad. This control pad with its cool blue touch screen gives you control over your showers lighting, circulation fan, steam time and temperature and also allows you control the Fm radio or select to listen to a connected CD or MP3 player.

The Orlando Deluxe is also available as 1050mm x 1050mm
