

steam shower and whirlpool bath

Portland

1350mm x 1350mm x 2240mm

The Portland Steam shower with whirlpool is a popular shower cabin. Because of its large interior space, it offers a comfortable sized whirlpool bath, and more than enough room for shower or steam use. Like all Bathtek steam showers, it comes with a monsoon rain shower, foot massage spa, hand shower and a control panel that enables you to control the lights, radio, steam timer etc. The Portland is a really impressive cabin offering everything a family could need in their modern bathroom. The back walls of the cabin are darkened mirrored glass which are a great contrast to the crisp white acrylic tub and ceiling..

Multi function hand shower	6 large and 2 small whirlpool jets
Foot massage spa	6 hydro massage body jets
Large monsoon rain shower	Low voltage lighting
Electronic control pad	Ozone sterilization
FM Radio with CD/MP3 input	Remote control
Powerful steam generator	Glass shelf

PRICE: £1399.99

This steam shower requires between 1 and 3bar of water pressure and can be supplied from a combi boiler, pressurised system etc. For gravity fed or low pressure, installing a twin impellor pump is recommended. Where water pressures are not balanced (of equal pressure) fitting a Pressure Equalising Valve is required to protect the Thermostatic Valve from damage. Our showers are designed to be freestanding, water should be made available to the shower into the corner (if corner fitting) or central at the back (if the shower fits against one wall) and be fed to a point approximately 1mtr from the floor and finished ready for 15mm compression fittings.

Two 13 amp fused spurs are required to provide electricity to the shower. The shower is supplied with an RCD fitted for your safety. Bathtek showers are supplied ready to build. All boxes are able to enter through regular doorway openings, details of carton sizes are available on our website. Please also consider access for the boxes up and round stairwells etc. For full, detailed installation requirements of all Bathtek showers, please call our customer service department on 01423 522 222 or visit our website at www.bathtek.com
